Executive Summary

EXECUTIVE SUMMARY
DAUPHIN COUNTY 2014 ACTION PLAN
Period, January 1, 2014 thru December 31, 2014

Dauphin County's Consolidated Plan is a five (5) year Plan (2012-2016) that establishes Dauphin County's general strategy and priorities for housing, community and economic development over the five (5) year period. The strategy is a result of a logical progression from the Housing Market Analysis and Affordable Housing and Homeless needs Assessments to a determination of the County's priorities based on those needs.

The Dauphin County is required to submit an annual Action Plan to implement the Consolidated Plan. The annual Action Plan sets forth the specific projects and activity that will be undertaken in any given year in meeting the identified needs and goals.

The U.S. Department of Housing and Urban Development (HUD), upon Congressional approval, allocates each year, housing and community development grants to Dauphin County entitlement grant programs. The entitlement programs include Community Development Block Grant (CDBG) and HOME investment Partnership Act (HOME) program. These two programs are administered by Dauphin County Office of Community and Economic Development and Dauphin County Planning Commission under the direction of Dauphin County Commissioners.

Geographic Distribution of
Projects/Activities

F. Geographic Distribution

CDBG funds are provided to activities throughout Dauphin County. Most of the CDBG program funds are being used to support site specific infrastructure, public facilities, and public service activities. The HOME and ADDI funds are allocated for housing projects in Dauphin County outside of the City of Harrisburg. Map contained in Appendix -1 show the location of site specific CDBG projects.

Part G
Homeless and Other
Special Needs Activities

G. Homeless and Other Special Needs Activities

Activities to Address Emergency Shelter and Transitional Housing Needs

Through its continuum of care process, Dauphin County places a high priority on the creation of permanent supportive housing. Dauphin County will, however, consider requests to provide funds to the operators of emergency shelters to allow them to operate their programs. Dauphin County will consider requests for funding to develop housing for the homeless and will support applications by agencies seeking HUD, State, and private funding to provide emergency shelter and transitional housing. Dauphin County's highest priority for use of its CDBG and HOME funds is for permanent housing.

In 2006, CDBG funds were provided to Wesley Union Community Development Corp (CHDO) for the construction of a homeless shelter for 25 homeless persons.

In 2009, CDBG funds were provided to purchase two (2) condominium dwelling units for VA approved housing for homeless veteran women.

In 2009, additional funds were provided for the construction of Susquehanna Harbor Safe Haven, a homeless shelter for men.

Activities to Prevent Persons from Becoming Homeless

During the program year 2003 and 2004, Dauphin County provided funds to the Adult and Family Services of Dauphin County Department of Human Services to establish a new Countywide Homeless Management Information System. This would be a significant improvement for data collection and integration of information into a single repository of homeless data. This will ensure a standard format for the information that will be captured and will provide data integrity for reporting purposes. Through the detail that will be captured, it will be able to determine where resources should be allocated for the expansion of services and/or where a re-allocation of resources may be needed.

Dauphin County administers an Assistance Office, which offers a variety of programs for low income households. The Dauphin County Assistance Office operates from the Dauphin County Human Service Center, Inc. in Elizabethville giving convenient access to services by residents in the north portion of Dauphin County. Dauphin County also administers a Human Services Office that serves as the oversight, planning and coordination agency all County Human Services Departments including the County Area Agency on Aging, the Department of Drugs and Alcohol Services, and the County Mental Health and Retardation Program.

Also, the State of Pennsylvania administers a Homeless Assistance Fund providing households with funds to avoid eviction. In Dauphin County the Homeless Assistance Funds are administered by HELP. HELP uses the funds to prevent eviction by providing rental assistance to help families with delinquent rent payments as well as security deposits.

The Pennsylvania Housing Finance Agency (PHFA) administers a Homeowners' Emergency Assistance Program (HEMAP). The HEMAP program provides mortgage assistance payments to homeowners who are in danger of losing their homes through foreclosure and through no fault of their own and who have a reasonable prospect of resuming mortgage payments within the prescribed time frame. HEMAP Counseling Agencies in Dauphin County include CCS of Western PA, Community Action Commission of Capital Region, Loveship, Inc., PHFA, and the Urban League of Metropolitan Harrisburg.

To Help Make the Transition to Permanent Housing

Dauphin County provided CDBG funds in 2005 to Community Action Commission for its program called Success Academy for education, training and employment services to LMI persons. With better paying jobs these persons may be encouraged to move into home ownership.

Address the Special Needs of Persons who are not Homeless

There are a variety of services and facilities in Dauphin County that provide for services that assist populations with special needs. Many of the services are provided directly by Dauphin County through various agencies including Dauphin County Human Services, Dauphin County Mental Retardation Services, Dauphin County Rug and Alcohol Services, Dauphin County Weatherization, and Dauphin County Area Agency on Aging. The services provide a direct benefit to populations with special needs in Dauphin County.

Dauphin County provided funds in 2004 to the Local Housing Option Team (LHOT). LHOT will use the funds to support a staff person. The staff person will be a resource person for case managers and landlords; identify and coordinate housing training; work as a liaison between the LHOT and the housing community; develop and complete a housing needs assessment to identify needs of people with disabilities, type of housing and services needed; look at traditional and nontraditional models and how to best use existing housing opportunities so that LHOT can design program or housing opportunities; compile a directory of landlords, programs and organizations that can provide housing and services to people with disabilities; maximize use of home ownership programs for people with disabilities through publications, recruitment and training; serve as a liaison to help LHOT identify potential funding sources; and develop a peer mentoring program for home ownership.

Dauphin County provided HOME funds in 2007 for the construction of Section 811 housing for 12 handicap accessible apartments in Swatara Township.

To Help Senior Programs

Dauphin County allocated CDBG funds in 2012 for Steelton Senior Arts and Fitness Center to provide seniors with innovative approach to arts, fitness and healthy lifestyle in Steelton Borough.

Part H
Other Actions

H. Other Actions

General Actions

Address Obstacles to Meeting Underserved Needs

Dauphin County will continue to use its entitlement funds to provide assistance with activities that meet the underserved needs of the community. Through continued support of the CACH in the completion and implementation of the continuum of care Dauphin County will be appraised of the needs of the underserved and the changes in the needs over time. This will facilitate use of scarce funds in an efficient way.

Funds are provided in 2010 to Hamilton Health Center to provide medical services from one consolidated building to low income families which include residents of Dauphin County.

Funds are provided in 2010 to YMCA of Greater Harrisburg to provide Employment Empowerment Program called YW Works, to Homeless, victims of domestic violence, disable or veterans. Services will empower clients through seminars, one-to-one coaching, employment placement, career coordination and job retention follow-up.

Funds are provided in 2010 to The Salvation Army of the Harrisburg Capital Region to provide life-skill youth development prevention and intervention program for youth ages 10-18 years from low income families.

Funds are provided in 2010 to Rutherford Youth club for emergency repairs. Majority of membership are youth from low and moderate income families.

Funds were provided in 2012 to Salvation Army of the Harrisburg Capital City Region, Harrisburg to: a) Expand existing Bridge the Gap program in Susquehanna Township and Steelton/Highspire area and expand services in Swatara Township. b) Increasing sessions in School Suspension program as part of their weekly Alternative Education curriculum. Bridge the Gap program provides life-skills, youth development, prevention and intervention program to youth ages 10-18 years.

Foster and Maintain Affordable Housing

Dauphin County is continuing to provide funds in 2014 for low and moderate income households for housing rehabilitation and for Second or Subordinated Mortgage program for First-Time Home Buyers. The housing programs ensure habitable housing units for households and allow households who would not otherwise be able to afford safe decent housing to purchase a unit.

In 2011, funds were provided for Felton Building Apartments project for conversion and adaptive reuse of former historic Steelton-Highspire Elementary School building into 100 rental units with 83 units for low and moderate income families in Steelton Borough.

There were two non-profit agencies that develop affordable housing for low-income households in Dauphin County. One was the Susquehanna Housing Initiatives, which has been operating since 1992, has developed 38 units of affordable housing in Dauphin County. The other was the Tri-County Housing Development Corporation, which was incorporated in 1990, has developed 35 units of affordable housing in Dauphin County and is developing 42 additional units. The two non-profits merged in 2003 and the new name is the Tri-County HDC, Inc.

The Dauphin County continues to provide HOME funds in 2012 to this organization for the Urban Infill affordable housing program in Steelton Borough. The funds are provided for rehabilitation of dwellings that are affordable for sale to low and moderate income households in Steelton Borough.

Reduce Lead-Based Paint Hazards

Dauphin County considers the presence of lead-based paint hazards a serious health problem. The Childhood Lead Poisoning Prevention Program offers Lead Poisoning Screening in Dauphin County. The Lead Poisoning Screening program provides blood-lead screening, medical referral, education for parents, and environmental inspection to identify the source of lead hazards to a child with lead poisoning. Lead poisoning screening is available to children under six years old and pregnant women.

Reduce the Number of Poverty Level Families

Through implementation of its housing and community development program Dauphin County expects to reduce the number of families with incomes below the poverty level. Dauphin County has a number of programs that address the needs of households with incomes below the poverty level. Although there are no direct anti-poverty initiatives in the CDBG program, other County agencies deal directly with this issue. Dauphin County supports a number of social service providers identified in Part DII of the CP that provide direct services to households with poverty or near poverty level incomes. Many of these services are geared to creating self sufficiency and improving skills and employability.

The Welfare to Work Reform, resulting in TANF, encourages householders to find employment. While work is no assurance that household income will rise above poverty, supports are in place to supplement that income.

Dauphin County has an aggressive economic development program aimed at bringing in and retaining high value employment in the community. Good paying jobs and job opportunities are being created. Educational initiatives seek to provide the skills necessary to fill jobs in new fields and those enhanced by technology.

Dauphin County will implement Section 3 Employment and Contracting policies on all applicable contracts, ensuring outreach to low income residents when job opportunities are created by CDBG activities.

Because poverty is a function of income, its effect on housing opportunity and choice is apparent. Conversely, without adequate, stable housing, alleviating poverty is more difficult.

The HACD provides Section 8 vouchers to households, principally those at incomes below the 30 percent of the median family income of the MSA. Such supports stabilize housing and allow lower income household to expend resources for other necessities.

Dauphin County MH/MR has partnered with the HACD and City of Harrisburg Housing Authority to provide housing opportunities for persons with mental illness and provides on-going case management and services to maintain independent living.

The Capitol Area Coalition on Homelessness is an umbrella organization of service providers linking emergency, transitional and permanent supportive housing to service providers to address the needs of the homeless. With support from McKinney funding, after-shelter care programs are being developed to provide support to households that leave shelter and transitional housing to maintain independent living.

Owner Occupied Housing Rehabilitation Program

To maintain the existing housing stock from deterioration, Dauphin County is providing funds for the countywide housing rehabilitation program.

Develop Institutional Structure and Enhance Coordination

The Dauphin County Board of Commissioners has delegated the responsibility for the administration of the Dauphin County's CDBG and HOME Programs to the Dauphin County Office of Community and Economic Development, and Dauphin County Planning Commission. The County agencies will participate with other groups where appropriate, such as it does in planning for the homeless and facilitate cooperative problem solving in Dauphin County.

Public Housing

Dauphin County is not funding public housing improvements or resident initiatives. The Public Housing Agency will continue to receive Capital Program funds to maintain its properties in safe and sanitary conditions for the residents and continue to seek funds for programs to improve the quality of life of current residents. The Public Housing Agency will be provided with funds to support lead abatement of properties participating in the Section 8 Voucher program with two or more bedrooms. The Public Housing Agency's Agency Plan is on file with Dauphin County. Dauphin County will consider requests by the Public Housing Agency for Certifications of Consistency with the Consolidated Plan.

Part I
Program Specific
Requirements

I. Special Program Requirements

CDBG

The One Year Action Plan describes the activities that Dauphin County will undertake with its 2014 CDBG Entitlement grant. The County does not anticipate any program income during 2014. The County will not have any surplus from urban renewal settlements, nor will it have any grant funds returned to the line of credit for which planned use has not been included in a prior plan.

HOME

The HOME program was initiated by the County in FY 2002 when it became an Urban County.

Dauphin County has adopted a HOME Investment Partnerships Program Resale/Recapture Policy for Home Ownership Activities. The resale/recapture policy is based on the Final Rule of the Home Investment Partnership Program published on September 16, 1996. Specifically, the policy is based on 24 CFR 92.254, Qualification as Affordable Housing: Home Ownership.

The issue of resale/recapture arises when a homeowner that received home buyer assistance under the HOME Program decides to sell the property. If the property is sold after the period of affordability has expired, there are no restrictions in terms of resale or recapture of HOME funds that apply to such a transaction. However, if the sale occurs before the period of affordability has expired, certain regulatory limitations apply.

The regulations at 92.254 (a)(5) give the participating jurisdiction two broad options relative to the treatment of properties that are sold before the period of affordability has expired:

1. The owner that received HOME assistance must sell the home to a low income family that will use the property as their principal residence, or
2. The participating jurisdiction must recapture some or all of the HOME investment that was initially extended to the home buyer

It is the policy of Dauphin County, wherever possible to recapture the appropriate amount of the HOME investment rather than restricting the sale to a qualified low-income family that will use the property as its principal residence.

Calculating the Amount of Recapture [92.254(a) (5) (ii) (A) (5)]

The recapture amount is equal to the fair market value of the property at the time of initial sale to the home buyer LESS the sales price of the home PLUS any direct assistance (i.e., down payment assistance or closing cost assistance) extended to the home buyer. For example, if the fair market value at the time of initial sale was \$30,000, the sales price was \$25,000 and \$2,000 was extended to the home buyer in the form of down payment assistance, the recapture amount would be \$7,000 ($\$30,000 - \$25,000 = \$5,000 + \$2,000 = \$7,000$).

Recapture Method

- In accordance with 24 CFR 92.254(a)(5)(ii)(A)(1), the County will recapture the entire amount of the HOME Investment subject to the following forgiveness provisions:
- 20 percent of the HOME Investment will be forgiven each year that the assisted homeowner owns and occupies the home for the loan amount was \$14,999 and 10 percent for loan amount between \$15,000 to \$20,000.

If no HOME funds are subject to recapture, the following resale restrictions of the HOME regulations will apply:

- the property must be sold to a low income family that will use the property as its principal residence,
- the owner must receive a fair return on his/her investment, including the value of any capital improvements,
- the property must remain affordable to a reasonable range of low income home buyers,
- affordability must be enforced by means of deed restrictions, covenants running with the land or other similar mechanisms,
- upon foreclosure, a transfer in lieu of foreclosure, or upon assignment of an FHA insured mortgage to HUD, all affordability restrictions must terminate,
- the County may use preemptive rights (i.e., right of first refusal, purchase options, etc.) to purchase the property prior to foreclosure to preserve affordability, and
- the affordability restrictions shall be revived according to the original terms if the owner of record before termination subsequently obtains an ownership interest in the property; this provision shall also apply to any entity that includes the former owner or persons that have family or business ties with the former owner.

The following is a breakdown of the resale/recapture provisions as they apply to the HOME funded projects in Dauphin County.

1. **“HOME Housing Rehabilitation Countywide” provides up to \$20,000 for the rehabilitation of owner-occupied units with the following repayment schedule.**

As a condition of receiving a rehabilitation grant, any project funded with money, the owner(s) must agree that if the property is sold within a period of ten (10) years from the date of the completion of the rehabilitation work, the Department of Community & Economic Development will be reimbursed for the amount of the grant according to the following schedule of prorating:

First Year.....	100%	Sixth Year.....	75%
Second Year.....	95%	Seventh Year.....	70%
Third Year.....	90%	Eighth Year.....	65%
Fourth Year.....	85%	Ninth Year.....	60%
Fifth Year.....	80%	Tenth Year.....	55%

In the case of the transfer of the title of the property due to an inheritance, the heirs will be required to reimburse the Department of Community & Economic Development according to the above schedule only if the property is resold subsequent to the inheritance. If the home owner should sell or refinance the property after year ten, they would be responsible to repay 50% of the original CDBG Rehabilitation Grant.

In the event of foreclosure within the initial ten-year period, the Department of Community & Economic Development will accept the net proceeds of the sale as complete satisfaction of these repayment terms.

Part J
Monitoring

J. Monitoring

Regulations concerning the Consolidated Plan state that it “must describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements.” This section describes the monitoring standards and procedures that Dauphin County will follow during the implementation of the Consolidated Plan (CP) and the Annual Action Plan.

Monitoring Programs and Activities

Dauphin County Office of Community and Economic Development (DCED) will have the responsibility on the progress towards meeting the goals of the Consolidated Plan (CP).

Dauphin County Office of Community and Economic Development (DCED) will monitor activities carried out to further the CP and Action Plan to ensure long-term compliance with program requirements. The objectives of this monitoring are to make sure those activities: 1) comply with all regulations governing their administrative, financial, and programmatic operations; 2) achieve their performance objectives within schedule and budget; and 3) comply with the CP and Action Plan.

Internal controls have been designed to ensure adequate segregation of duties. DCED prepares agreements for non-housing activities supported by CDBG and HOME Programs. Invoices are monitored for compliance with the approved spending plan and federal regulations. Dauphin County Office of Community and Economic Development is the administrators of the County's Integrated Disbursement and Information System (IDIS) and is responsible for setting up and administering activities.

Where assistance is provided to homeowners for housing rehabilitation activities, Dauphin County uses written procedures in place for the Housing Rehabilitation Program. DCED staff develops cost estimates and specification packages that provide for any violations of local codes to be corrected. On-site inspections promote satisfactory completion before payment is made.

Minority Business Outreach

Dauphin County shall encourage participation by minority-owned businesses in CDBG and HOME assisted activities. Dauphin County shall maintain records concerning the participation of minority-owned businesses to assess the results of its efforts and to complete the semiannual "Minority Business Enterprise Report" to HUD. Any contractor interested in bidding on jobs available under the Housing Rehabilitation Program will receive an application package and, if qualified, will be included on a list of contractors to receive announcements about the availability of bid packages.

Comprehensive Planning Requirements

To ensure compliance with the comprehensive planning requirements of the Consolidated Plan process, Dauphin County Office of Community and Economic Development will review the process on an ongoing basis. The review will assess compliance with federal requirements concerning citizen participation and consistency of actions taken with those specified in Dauphin County's "Citizen Participation Plan." Records documenting actions taken will be maintained for each program year.

Monitoring Subrecipients by the County
